Your email system checks IP addresses, among other things, for verification and security. Whitelisting these IPs tells your email provider that you trust us and want to receive messages from our platform. This ensures that our emails are delivered to your inbox instead of your spam folder.

If you have any questions, please contact Mayra Smith at MSmith@VisitSavannah.com or Bailye Quick at BQuick@SavannahChamber.com. You can also call 912.644.6400 for more information.

Thank you,
